Industrial Chemicals & Coatings

Sierra Performance System
Metalmax® DTM Acrylic
Metal Enamel

Industrial performance, zero VOC, zero HAP, single component, water-based acrylic urethane.

Features:
- Direct-to-metal coating, self-priming
- Excellent corrosion and humidity resistance
- Fast drying
- UV resistant
- No solvent odor
- SCAQMD: Meets or exceeds applicable air emissions standards established by the California South Coast Air Quality Management District
- Non-toxic: Will not cause adverse health effects
- Does not contain any ozone-depleting substances
- Can be used for both interior and exterior applications
- Anywhere paint odors or VOCs could cause a problem
- Meets requirements of USDA FSIS Directive 11,000.4
- Meets the most stringent VOC rules (South Coast Air Quality Management District)
- Meets LEED product requirements for indoor air quality

| Container: Can | Dry Time: 30 min |

Paint Brush

Polyolefin White China Bristle

SF 790™ Chisel® Paint Stripper

Features:
- Ideal for removing paint and varnish from wood surfaces (excellent for removing surface coating from delicate wood, carved surfaces without scraping or damaging surfaces)
- Removes gaskets from any type of assembly in 10 to 15 minutes
- Prepares metal parts for new gaskets, eliminating scraping and sanding
- Methylene chloride based
- CARB: Complies with VOC regulations as detailed by the California Air Resource Board
- OTC: Complies with VOC regulations as detailed by the Ozone Transport Commission
- Not for use on plastics, linoleum or synthetics
- Agriculture Canada approved

Applications:
- Wood
- Aluminum
